

Please Note:
 The right-of-way is preliminary and intended for use in identifying environmental and societal impacts. The right-of-way is neither final nor intended for land acquisition purposes. Determination of the final right-of-way would be made during the final design process and involve coordination with local and regional governments should a build alternative be selected.

- LEGEND**
- New Right-of-way
 - New Freeway, Ramps, Frontage and Access Roads
 - New Bridge Structure
